MEMP
MOBILE EMISSIONS & MAINTENANCE PRODUCTS

FOR LANDSCAPE COMPANIES

CUT FUEL COSTS ACROSS YOUR ENTIRE FLEET

The ECO System Inline Fuel Device (IFD) installs between your fuel filters in less than 30 minutes. No moving parts, no maintenance, no engine modifications.

YOUR FLEET, YOUR SAVINGS (8% AVERAGE)

	EST. SAVINGS / YR
75 gas trucks 13 MPG · $3.75/gal	**$64,800**
25 diesel trucks 10 MPG · $6.00/gal	**$44,928**
Fleet total	**$109,728**

120 miles a day, 6 days a week. Range: $68,580 (5%) to $164,592 (12%) per year. Estimated 5-year net savings at 8%: **approximately $471,140**.

BEYOND FUEL SAVINGS

- Significantly lower emissions
- Fewer DPF regens, less downtime
- Less DPF filter clogging
- CARB approved, Executive Order D-227-3
- Breaks hydrocarbon chains into smaller chains for a better air-fuel mixture
- More complete burn: more energy from the same fuel, lower emissions
